

Hi. My name is _____. Thank you for agreeing to be interviewed for our Think Quest project. As you know, we are studying girls in the United State of America (USA) who are between the ages of 10 and 15 years old. We want to know if culture affects the way adolescent girls interact with their mom. We think that some girls in the USA have cultural roots that will keep them from either feeling embarrassment about their mom or expressing that feeling. This interview will just take a few minutes. Just answer the best you can and I will write down some notes.

1. Does your mom embarrass you?
2. How does your mom embarrass you?
3. How do you react when your mom embarrasses you?
4. Are you allowed to react?
5. What do you say if you react?
6. How does your mother react when you react?
