

Conflict Resolution Rap

Conflict resolution is where it's at so listen as I begin to rap,
'Cause you are you and I am me and we are us and us are we,
Identify the problem,
Bring it out,
Don't kick or punch or even shout,
Attack the problem not the fear,
Don't even shed a single tear,
When you're mad just walk away,
Forget the problem, you'll be okay,
Remember these words,
Make them stick,
When someone wants a friend,
It's you they'll pick.
