

Kindness Rock

To the tune of "Jailhouse Rock"

(Verse)

Everyone said one to another
You'd better start smiling and get it together
Because your being so glum
So get up and let's show 'um.

Chorus

Let's smile
Everybody let's smile
Everybody in the school house block, was dancin' to the kindness rock.

(Verse)

One girl said to another
Why aren't you smiling and getting it together
We're all smiling and you're so sad
So get up and be glad.

Chorus

Let's smile
Everybody let's smile
Everybody in the school house block was dancin' to the kindness rock.
