

Start in the Heart

Peace on Earth begins with me,

The place to start is in my heart,

I will show love to others,

To all my sisters and my brothers,

It doesn't matter if we look alike,

We're all the same inside.

We want the world to be at peace,

Use kindness as a guide,

Listen to me, for I am youth,

A leader of tomorrow,

Let's join our hands together,

Let's get rid of all the sorrow,

Let's spread peace throughout the land.
