

## Wind Power Systems Quiz

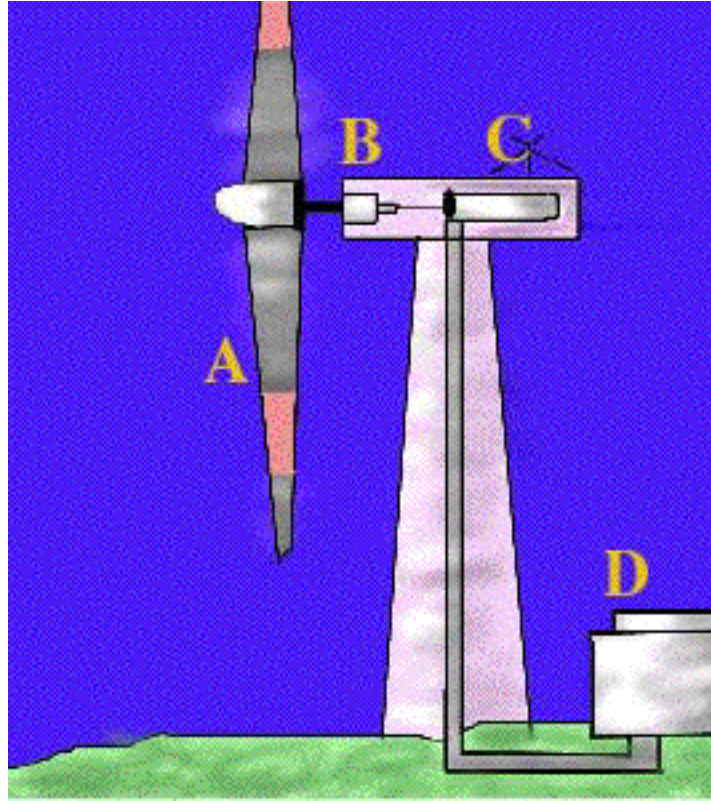

Diagram to use for this quiz:

1. What part of the system is the turbine?	A. A    B. B    C. C    D. D
2. Where is the generator located?	A. A    B. B    C. C    D. D
3. The wind puts forces directly on what part of the system?	A. A    B. B    C. C    D. D
4. True or False: Does the turbine cause the generator to move in and out like a piston?	A. True    B. False
5. True or False: The generator changes mechanical energy into electrical energy (electricity).	A. True    B. False
