

6 2 9 4 3

Survey Instructions

1. First take a survey on pets or favorite animals.
2. Record the results.
3. Open Excel.
4. Type in the result numbers in cells in row 1.
5. Go to Insert, Chart and select the 3D kind, type in the cells' cell reference (ex. A1) you typed in before where it says "Data range".
6. Click on finish.
7. Click on the graph and on the top type in the name of the first pet.
8. Do this repetitively until you are done.
9. Move the text boxes to where they go in the chart.

Be sure to click on the picture graph tab to see the other spreadsheet.

Picture Graph Instructions

1. First take a survey on some kids pets.
2. Record the results.
3. Open Excel.
4. Type in the names of the animals you got, each in a different cell.
5. Find some pictures of the animals you have found, Copy and paste them into Excel.
6. Copy and paste them as needed to show your information in the right column.
